Levels of Coverage

To make it easy for you to shop and compare coverage for Individual & Family Plans—offered in or outside of the Marketplace—benefits are displayed within a designated level. These are known as “metal levels.”

The metal levels are Platinum, Gold, Silver and Bronze. Generally, premiums are highest for Platinum and Gold plans and you pay less in deductibles, coinsurance and copays. Premiums are generally lowest with Bronze plans and you pay more in deductibles, coinsurance and copays.

Blue KC offers Gold, Silver and Bronze plans so you can choose a plan that best meets your needs. For example, a Gold plan may be right for someone who uses more healthcare services. If you use services less frequently, you may save money with a Bronze plan. Silver plans offer a balance of premiums and cost-sharing.

Gold Plans

pay 80% of covered costs on average

Silver Plans

pay 70% of covered costs on average

Bronze Plans

pay 60% of covered costs on average

Primary Care for the Whole Family

If you are enrolled in a Blue KC Plan with Spira Care, you will have exclusive access to patient-centered primary care at Spira Care Centers.

Spira Care gives patients of all ages easy access to advanced primary care services—and it's simpler, more convenient, and more personal than you might expect. Spira Care Centers are conveniently located across the Kansas City metro area. Eligible members will incur no additional costs* for services inside Spira Care Centers.

Advanced Primary Care Services

Spira Care Centers offer a wide range of services under one roof, all at no additional cost.*

- **Patient-centered primary care**, where you are at the center of your medical care, with a team of healthcare professionals focused on partnering with you on your long-term health and wellbeing.
- **Routine Preventive Care** includes annual wellness exams, screenings and immunizations.
- **Sick Care** and treatment of minor injuries.
- **Chronic Medical Condition Management** for conditions such as diabetes or heart disease.
- **On-site Lab** for routine testing as ordered by your Spira Care provider.
- **Behavioral Health Support** to help with stress, depression, anxiety, and with challenges that sometimes accompany chronic medical conditions.
- **On-site Digital X-rays**, as ordered by your Spira Care provider (not available at Lee's Summit and Liberty locations).
- **Care Coordination**, where Care Guides can help coordinate your care between your primary care provider and any specialists, pharmacies, or other health services you use.
- **Diabetes Education** to support and advocate for you, help you achieve your goals, and optimize your health outcomes.

While your primary care needs can be handled at a Spira Care Center, we recognize that certain circumstances call for outside care—like seeing a specialist, getting specialty behavioral health support, or being admitted to a hospital.

For needs outside a Spira Care Center, call the Customer Service number on your member ID card or refer to your Evidence of Coverage for a full list of benefits and information regarding your cost share.

*No additional cost means you will not be billed for any appointments or services at Spira Care Centers. Blue KC members enrolled in a health plan with Spira Care have exclusive access to Spira Care Centers for primary care services. For costs and further details of the coverage, including exclusions, any reductions or limitations and the terms under which the policy may be continued in force, see your insurance producer or write Blue KC.
All services provided at Spira Care Centers are based on your primary care needs only and must be ordered by a member of the Spira Care Team. This includes digital x-rays, routine labs and immunizations. Orders by a specialist or someone outside of the Care Center cannot be fulfilled at Spira Care Centers.
