Biometric Screening and Physician Screening Form option available when requested by employer

Fasting glucose results are awarded points based on health ranges as defined by the American Diabetes Association

Points will roll over for colon, cervical and breast cancer screenings in accordance with United States Preventive Services Task Force Recommendations

Keeping track of your points

As you complete health actions, points will be automatically applied and reflected in your Points Summary. Points for on-screen actions like reading an article or connecting a device will appear immediately, whereas other actions may take more time to update.

Points for doctor’s visits, prescriptions, and lab results are linked to your Blue KC plan and will appear as your claims data is processed (within 30-60 days). Check your Points Summary at any time to confirm points awarded during your wellness program year.
