About our dental networks

Blue Cross and Blue Shield of Kansas City (Blue KC) offers dental networks that provide broad access for our members:

Blue KC dental members can visit any licensed dentist within the local or outside of Blue KC service area networks. To receive the highest discounts and lowest cost sharing, members are encouraged to utilize providers available within the PPO network. Benefit levels are determined by the network designation of the provider.

Blue Dental PPO Provider Network and GRID

- Access to 1,100+ local in-network providers offering the highest discount level, resulting in the lowest out-of-pocket costs for covered services. Outside the Blue KC service area, members have access to the GRID Blue Cross Blue Shield National Network including 340,000+ access points nationwide.

Blue Dental Choice Provider Network and GRID+

- Largest access to in-network providers with 1,500+ local providers. Outside the Blue KC service area, members have access to the GRID+ Blue Cross Blue Shield National Network including 391,000 access points nationwide.
