Find Care Cost Estimator Tool

Understand your costs and compare options.

Everyone wants to get the best value on their purchases. Savvy consumers compare pricing on everything – airfare, computers, appliances, home repairs, running shoes as well as healthcare.

With the Find Care Cost Estimator Tool, members can better understand healthcare expenses before a doctor visit or procedure to help make more informed healthcare decisions.

By using claims data and provider details, Find Care offers a clearer, more accurate picture of what care may cost. To access the Find Care Cost Estimator Tool, log in at **MyBlueKC.com** or use the **MyBlueKC mobile app**.

The Find Care Cost Estimator Tool helps members:

- View estimated cost information for in-network providers
- Find local facilities with lower estimated out-of-pocket costs
- See costs associated with the most common medical services, such as surgeries and diagnostic imaging

To view and compare costs:

1. Log into **MyBlueKC.com** or the **MyBlueKC app**
2. Navigate to **Find Care > Find Doctors, Specialists & Hospitals**
3. Click **Find Care** in the pop-up
4. Choose the **Procedure Cost Estimates** tile
5. Pick a procedure type or click **All Procedures** to use the search bar
6. Compare estimated costs for locations and providers

Visit **MyBlueKC.com** or download the **MyBlueKC mobile app**.
