SELECT DRUG LIST

For group HMO, PPO and EPO members with an insurance plan that includes a prescription drug benefit

Effective January 1, 2025

Blue Cross and Blue Shield of Kansas City 2025 Select Drug List

Introduction

The Prescription Drug List (PDL) has been developed and is maintained by the Medical and Pharmacy Management Committee of Blue Cross and Blue Shield of Kansas City (Blue KC). The committee is composed of practicing doctors and pharmacists within the Kansas City area. Quarterly meetings are held to evaluate new drug therapies and review drug utilization issues.

Medications are evaluated on the basis of safety, effectiveness, adverse events, proven advantages over existing agents and cost. Tier 1 medications are typically generic drugs that contain the same active ingredients as brand name drugs and have the lowest copay. New drugs will require an exception or prior authorization until they are reviewed by the committee.

While extensive, this is not an exhaustive list of all available medications and this list is subject to change. See the most current PDL by visiting your member portal at MyBlueKC.com. If you require additional information or clarification, contact our Clinical Pharmacy unit at 816-395-2176 or 800-228-1436.

Please be aware that as new products are released and post-marketing information on existing therapies becomes available, changes in the PDL status may occur. The committee may also implement prior authorization or other utilization management processes as deemed necessary. Doctors and pharmacists will be notified of any such changes via direct mailings.

How to use this list:

- 1 Find the page number for your drug by searching the alphabetical index at the end.
- 2 Locate your drug and identify the DrugTier. You will also want to note restrictions and preferred alternatives if applicable.
- 3 Refer to the DrugTier description tables at the end of this introduction to identify the tier copay for your drug (based on the benefit schedule described in your member certificate or in your Blue KC benefit summary).

Prior Authorization/Drug Utilization Management

Some drugs have coverage rules or have limits on the amount dispensed. In some cases, the doctor must do something in order to obtain the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, the doctor must get approval from BlueKC before the prescription can be filled. Without that approval, the drug may not be covered.
- **Quantity limits:** For some drugs, there are limits to the amount of drug that may be obtained.
- **Step therapy:** For some drugs, BlueKC requires step therapy. This means that drugs will have to be tried in a certain order for a medical condition. If the doctor feels that the first drugs are not appropriate, the doctor will have to submit a prior authorization request.

Doctors may request exceptions to these coverage rules or limits by submitting an electronic prior authorization request form. www.BlueKC.com > Providers > Forms > Prior Authorizations for Medications.

Tier Exception Requests for Contraceptives & HIV Pre-Exposure Prophylaxis (PrEP)

If, for medical reasons, you need a contraceptive or HIV PrEP medication that is not included on these Preventive Service list(s), you may request an exception to waive the otherwise applicable cost sharing for your medication. To request an exception, your doctor must complete and submit one online at bluekc.com.

Frequently asked questions

What is the difference between brand name drugs and generic drugs?

When a drug company develops a new medication they apply for a patent. This patent protects the drug from being copied by other drug companies for a certain period of time. These drugs are brand name drugs. Once the patent period expires, other manufacturers can produce the same drug as long as they follow strict guidelines established by the Food and Drug Administration's (FDA) guidelines. These same drugs are generic drugs. Generic drugs are less expensive versions of those brand name drugs whose patents have expired. They are made with the same active ingredients of the brand name drug, but they may have a different color, shape or filler material. The cost of a generic drug is typically less than a brand name drug. All generic medications are approved by the FDA before they are released on the market.

What is the difference between a generic equivalent and a generic alternative?

A generic equivalent is a medication that contains the same active ingredient and works the same way as the original brand name drug. A generic alternative is a generic medication that may not have the same active ingredient, but works in the same way as another drug.

What is a maintenance drug?

A maintenance drug is a medication used to treat a chronic condition like diabetes or high blood pressure. The FDA must approve maintenance drugs as safe for long-term use. Blue KC uses a national drug information database called Medi-Span to determine which medications are included on the maintenance drug list. If your prescription is a maintenance drug, you can have it filled for several months instead of just one prescription at a time.

Does Blue KC cover all prescription drugs?

Blue KC covers most prescription drugs. However, some drug classes require an additional benefit be added to your health insurance plan in order to be covered. This additional benefit is referred to as a 'rider.' Examples of such drug classes are fertility, birth control, impotency, and weight loss.

How is the tier level status determined for medications?

The PDL is a list of prescription medications that have been reviewed and recommended by the Blue KC Medical and Pharmacy Management Committee. The list has a combination of brand name and generic medications. Each of these medications has been reviewed for its safety, effectiveness, clinical outcomes, and cost. Doctors and pharmacists on the committee look at drug utilization issues, the number of adverse events, and any proven advantages over other drugs on the PDL. The most efficient and cost-effective drugs are on Tier 1 of the PDL.

Why does Blue KC require prior authorization for some drugs before they are covered?

Blue KC may require prior authorization for some drugs or a class. Medications on the prior authorization list may have safety concerns or have FDA approval, only for a certain use. Some of the prior authorization medications may also have a lower-cost alternative that should be considered first or the drug may not be as effective as something else in the same drug class. Some medications are also on the prior authorization list because they have the potential to be misused. Your doctor and Blue KC will work together to get prior authorization and approval for your prescription when needed.

Do I need to show my member ID card at the pharmacy?

Yes, show your member ID card to your pharmacist whenever you have a prescription filled. Your prescription claim is electronically transmitted to Blue KC when you fill your prescription. Please make sure the pharmacy has your most current health insurance information and correct birth date so there won't be any delays or claim denials when we process your claim.

What do I do if I need to refill my prescription early (i.e., leaving on vacation, the doctor increased my dosage)?

To have a prescription refilled early, have your pharmacist call the Pharmacy Customer Service unit at 816-395-2176 or 800-228-1436, Monday through Friday from 8 a.m. to 5 p.m. CentralTime.

What if I am out of town and need to have a prescription filled?

Blue KC contracts with most major pharmacy chains and has a network of over 44,000 pharmacies nationwide. If the pharmacy you are using has difficulty in processing your prescription claim, have them contact the Pharmacy Customer Service unit for assistance at 816-395-2176 or 800-228-1436, Monday through Friday from 8 a.m. to 5 p.m. CentralTime.

Why must some drugs be purchased through a Specialty Pharmacy?

Specialty drugs are those that require special ordering, handling, clinical monitoring and/or customer service. These drugs are best purchased through a Specialty Pharmacy. Blue KC has a network of Specialty Pharmacies available to provide specialized care for patients with complex chronic health conditions to obtain their medications and manage their health conditions. Specialty medications are limited to a 34 day supply.

What if I have questions about my prescription drug coverage?

For more information on your prescription drug coverage, call the Pharmacy Customer Service unit at 816-395-2176 or 800-228-1436, Monday through Friday from 8 a.m. to 5 p.m. CentralTime.

Miscellaneous Information

Specialty Pharmacy

A Specialty Pharmacy is one that provides specialized care for patients with complex chronic health conditions such as Rheumatoid Arthritis, Multiple Sclerosis or Psoriasis. Specialty drugs may be oral or injectable medications that can either be self-administered or administered by a health care professional. These pharmacies do everything from dispense the specialty medication to help patients manage their health condition. Most specialty medications are covered under the pharmacy benefit. Specialty medications are limited to a 34 day supply. The following is a list of other services provided by the Specialty Pharmacy:

- Assigns a Patient Care Coordinator who serves as a personal advocate and point of contact
- Offers access to a dedicated clinical staff of nurses and pharmacists who are knowledgeable about the medications and conditions
- Provides the necessary supplies to administer the medications — at no additional cost
- Offers care management programs to help patients get the most from their medications
- Provides patients with refill reminder calls
- Allows the medications to be delivered to either the physician's office or patient's home
- Works directly with patients to arrange a convenient shipment date
- Ships all medications overnight
- Coordinates with Blue KC to take care of billing issues

These services are provided to you at no additional cost. Prescriptions for a specialty medication will need to be filled at the Specialty Pharmacy listed below.

Optum Specialty Pharmacy

Phone: 1-855-427-4682

Syringe and Needle Coverage

Syringes and needles are covered by prescription only, and only for members taking medications requiring injection. Techlite/Arkray supplies are covered at \$0 cost; all other syringe/needle products are covered at a non-preferred brand copay.

Drug Tier Descriptions

To find out what prescription drug tier is on your plan, please see the benefit schedule in your member certificate or in your Blue KC benefit summary.

1-Tier Benefit	Drug Tier
Tier 1 copay	G G-S
Not Covered	PB PB-S
Not Covered	NPB NPB-S
3-Tier Benefit	Drug Tier
Tier 1 copay	G G-S
Tier 2 copay	PB PB-S
Tier 3 copay	NPB NPB-S
3-Tier Retail/Specialty Benefit	Drug Tier
Tier 1 copay	G
Tier 2 copay	PB
Tier 3 copay	NPB
Generic Specialty copay	G-S
Preferred Brand Specialty copay	PB-S
Non-Preferred Brand Specialty copay	NPB-S
4-Tier Benefit	Drug Tier
Tier 1 copay	G G-S
Tier 2 copay	PB
Tier 3 copay	PB-S NPB
Tier 4 copay	NPB-S

List of Abbreviations

G	Generic Drug.
G-S	Generic Specialty Drug.
NPB	Non-preferred Brand Drug.
NPB-S	Non-preferred Brand Specialty Drug.
PB	Preferred Brand Drug.
PB-S	Preferred Brand Specialty Drug.
ACA	Affordable Care Act. These preventative drugs may be covered at no cost (check your benefits to confirm).
M	Maintenance Drug.
OTC	Over the Counter. An OTC drug is a non-prescription drug.
PA	Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescription. If you don't get approval, your plan may not cover the drug.
QL	Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.
ST	ST: Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

Blue Cross and Blue Shield of Kansas City complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

Blue KC:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact Customer Service, 844-395-7126 (Toll free), languagehelp@bluekc.com.

Si usted, o alguien a quien usted está ayudando, tiene preguntas acerca de Blue KC, tiene derecho a obtener ayuda e información en su idioma sin costo alguno. Para hablar con un intérprete, llame al 1-844-395-7126.

如果您，或是您正在協助的對象，有關於 Blue KC 方面的問題，您 有權利免費以您的母語得到幫助和訊息。洽詢一位翻譯員，請撥電話1-844-395-7126。
