PRESCRIPTION DRUG LIST

Please see the benefit schedule in your member certificate for member cost sharing associated with Generic and Brand (Preferred and Non Preferred) drugs.

List of Abbreviations for Prescription Drugs

Drug Category:

1	Generic Drug and Generic Specialty Drug
2	Preferred Drug and Preferred Specialty Drug
3	Non Preferred Drug
4	Non Preferred Specialty Drug
5	Zero Cost Share Preventive Drug
6	Medical Service Drugs
7	Infertility Drug
ACA*	Affordable Care Act is a zero cost share preventive drug.
M	Maintenance drug.
MSD	Medical Service Drug. This drug is only covered under the medical benefit.
OTC*	Over the Counter drug.
PA	Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.
QL	Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.
S	Specialty drug.
ST	Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first.

*Your plan has tobacco use coverage through the Routine Preventive Care benefit. Tobacco use includes two tobacco cessation attempts per year (both prescription and over-the-counter medications) for a 90-day treatment regimen when prescribed by an in-network health care provider without prior authorization.
